Canadian Veterinary Medical Association
- CVMA hospital inspection, 85
- collective bargaining for professional veterinarians, 89
- inspection des hôpitaux par l'ACV, 86
- les négociations collectives pour les médecins vétérinaires fonctionnaires, 90
- message du président a l'occasion du nouvel an, 2
- New Year's message from our president, 1

Canine, *see* Dogs

Cats
- distribution of C-type viral particles in a spontaneous case of lymphatic leukemia in a cat, 292
- esophageal achalasia in a cat, 195
- tail reconstruction in a cat using a pedicle graft, 24

Cattle
- biopsie hépatique chez le bovin, 248
- bovine ketosis: frequency of clinical signs, complications and alterations in blood ketones, glucose and free fatty acids, 179
- bovine pulmonary emphysema, 251
- cloxacillin mastitis ointment in the treatment of bovine mastitis, 188
- common source epizootic of bovine salmonellosis in Manitoba, 33
- controlled trials on the efficacy of tetramisole and thiabendazole against nematode parasites in calves, 136

fate of nine Canadian heifers imported into Trinidad, W.I., 61
inorganic arsenic levels in tissues and ingesta of poisoned cattle: an eight-year survey, 117
lead levels in tissues and stomach contents of poisoned cattle: a fifteen-year survey, 258
management of bovine teat problems, 106
mastitis problem in a dairy herd, 141
method for the drainage of urine from the abdominal cavity of a bull with a ruptured bladder, 148
Pasteurella pseudotuberculosis associated with abortion and pneumonia in the bovine, 208
polioencephalomalacia (cerebrocortical necrosis), 54
post mortem changes in rumen content, 312
ragwort toxicosis in a heifer, 303
réduction d'une hernie diaphragmatique chez une vache laitière, 191
role of *Clostridium novyi* in bovine disease in Alberta, 159
spinal dysraphism, arthrogryposis and cleft palate in newborn Charolais calves, 268
studies on the incidence of lungworm (*Dictyocaulus viviparus*, Bloch, 1782) in Quebec cattle, 279
two cases of milkfever in cows after oestrus, 317

Developments in veterinary science
advances in canine genetics, with special reference to hip dysplasia, 307
artificial insemination in horses: genetic potential and control, 203
bovine pulmonary emphysema, 251
formal recognition of veterinary clinical competence, 59
mycoplasma infections with emphasis on the control of *M. gallisepticum*, 91
polioencephalomalacia (cerebrocortical necrosis), 54
veterinary school at the close of the second millennium, 153
Diseases caused by bacteria
common source epizootic of bovine salmonellosis in Manitoba, 33
exudative epidermitis in pigs, treatment trials, 227
mycoplasma infections with emphasis on the control of *M. gallisepticum*, 91
Pasteurella pseudotuberculosis associated with abortion and pneumonia in the bovine, 208
repeated botulism outbreaks in mink caused by feed from a central processing plant, 244
role of *Clostridium novyi* in bovine disease in Alberta, 159
Diseases caused by fungi and molds
dermatophytes in veterinary practice, 111
Diseases caused by metabolic disturbances
bovine ketosis: frequency of clinical signs, complications and alterations in blood ketones, glucose and free fatty acids, 179
clinical management of osteodystrophy and pathological fractures in a Capuchin monkey (*Cebus* sp.), 198
note on selenium contents of two leguminous forage species collected in Ontario and the possible incidence of selenium-responsive diseases, 193
osteodystrophy in lambs, 20
polioencephalomalacia (cerebrocortical necrosis), 54
two cases of milkfever in cows after oestrus, 317
Diseases caused by parasites
controlled trials on the efficacy of tetramisole and thiabendazole against nematode parasites in calves, 136
development of cross immunity in lambs by exposure to bovine gastrointestinal parasites, 287
Dipetalonema spirocaudo and *Pseudomonas aeruginosa* infection in a harbour seal (*Phoca vitulina*), 220
fate of nine Canadian heifers imported into Trinidad, W.I., 61
pneumothorax in a dog with *Dirofilaria immitis* infection, 80
prevalence of coccidia in domestic sheep in central Alberta, 176
studies on the incidence of lungworm (*Dictyocaulus viviparus*, Bloch, 1782) in Quebec cattle, 279
Diseases caused by viruses
distribution of C-type viral particles in a spontaneous case of lymphatic leukemia in a cat, 292
nephrosis-nephritis syndrome in chickens caused by a Holte strain of infectious bronchitis virus, 18
rabies today—man and animals, 11
Diseases of the bone
clinical management of osteodystrophy and pathological fractures in a Capuchin monkey (*Cebus* sp.), 198
hemivertebrae with severe kypho-scoliosis and accompanying deformities in a dog, 214
osteodystrophy in lambs, 20
repair of fractures of the axis, 298
spinal dysraphism, arthrogryposis and cleft palate in newborn Charolais calves, 268
tarsal hydrarthrosis in the horse: response to intra-articular injection of synthetic steroids, 130
Diseases of the digestive system
colitis X (exhaustion shock) in a pregnant mare, 48
development of cross immunity in lambs by exposure to bovine gastrointestinal parasites, 287
Diseases of the nervous system
polioencephalomalacia (cerebrocortical necrosis), 54
Diseases of the respiratory system
bovine pulmonary emphysema, 251

mycoplasma infections with emphasis on the control of *M. gallisepticum*, 91
studies on the incidence of lungworm (*Dictyocaulus viviparus*, Bloch, 1782) in Quebec cattle, 279
Diseases of the urinary system
method for the drainage of urine from the abdominal cavity of a bull with a ruptured bladder, 148
nephrosis-nephritis syndrome in chickens caused by a Holte strain of infectious bronchitis virus, 18
surgical treatment of chronic cystitis in a bitch, 45
Dogs
advances in canine genetics, with special reference to hip dysplasia, 307
bilateral sertoli cell tumour in a canine cryptorchid with accompanying pathological lesions, 145
experimental bone grafting in the canine: the use of autoclaved autogenous normal tibial bone, 170
hemivertebrae with severe kypho-scoliosis and accompanying deformities in a dog, 214
persistance de la racine aortique droite chez un chien, 217
pneumothorax in a dog with *Dirofilaria immitis* infection, 80
repair of fractures of the axis, 298
surgical treatment of chronic cystitis in a bitch, 45
Drugs
cloxacillin mastitis ointment in the treatment of bovine mastitis, 188
controlled trials on the efficacy of tetramisole and thiabendazole against nematode parasites in calves, 136
effects of I.C.I. compound 33828 (methallibure) on the production of semen and health of boars, 4
effects of I.C.I. compound 33828 (methallibure) on the testicular development and health of immature boars, 263
infiltration lipidique dans une cardiopathie nécrosante expérimentale, 295
repeated halothane anaesthesia in an American bald eagle, 274
tenosynovitis of the deep digital flexor tendon in horses, 235
